

St. John's Baseball Field Renovation

You probably have noticed some activity and changes at our St. John's Baseball Field. Lots of work has been done to redo the diamond to allow for water draining, moving the back stop to make room for our future Parish Center expansion, new dugouts, new chain link fence and landscape. This is almost all through the support of the St. John's Catholic Order of Foresters.

One final item, will be the planting of 16 (6-7') Blue Spruce trees between the new north fence of the ball field and St. John's Cemetery. This tree planting project is Blaine Lammer's (Son of Dave and Lori Lammers) Eagle Scout Project.

We are seeking donations for these trees. Would you like to donate toward a tree? Maybe in memory of a loved one? We are seeking 16 - \$250 donations to help toward the cost of these trees.

If you are interested please see the backside of this insert.

Thank you for your consideration.

Fr. Jim

Yes, I would like to donate toward a tree:

Name: _____

In Memory of: _____

Address: _____

City: _____ **State:** _____ **Zip:** _____

Amount enclosed: _____
